# Supplemental Type Certificate

Number: SA12062LA

This certificate issued to: Cygnet Aerospace Corp.  
1971 Fearn Avenue  
Los Osos, CA 93402

Certifies that the change in the type design for the following product with the limitations and conditions therefore as specified hereon meets the airworthiness requirements of \*23 of \* the Federal Aviation Regulations.

Original Product \*  
Type Certificate Number:

Make: \* See attached Federal Aviation Administration (FAA) Approved Model List (AML) SA12062LA for approved aircraft make, model and applicable  
Model: airworthiness regulations.

Description of Type Design Change:

Installation of Cygnet Aerospace Corp. Upgraded Modern Control Wheels on Various Cessna/Textron Aircraft (See AML) in accordance with FAA Approved Master Drawing List (MDL) CA7600-MDL, Revision B, dated September 24, 2025, or later FAA approved revisions.

### Limitations and Conditions:

The installation should not be incorporated in any aircraft unless it is determined that the interrelationship between this installation and any previously approved configuration will not introduce any adverse effect upon the airworthiness of that airplane.

Limitations and Conditions continued on Page 3

This certificate and the supporting data which is the basis for approval must remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of Application: 08/10/2022

Date Reissued:

Date of Issuance: 11/21/2025

Date Amended:

Title: West Certification Branch

Any alteration of this certificate is punishable by a fine of not exceeding \$1,000, or imprisonment not exceeding 3 years, or both. This certificate may be transferred or made available to third persons by licensing agreements in accordance with 14 CFR 21.47. Possession of this Supplemental Type Certificate (STC) document by persons other than the STC holder does not constitute rights to the design data nor to alter an aircraft, aircraft engine, or propeller. The STC's supporting documentation (drawings, instructions, specifications, flight manual supplements, etc.) is the property of the STC holder. An STC holder who allows a person to use the STC to alter an aircraft, aircraft engine, or propeller must provide that person with written permission acceptable to the FAA. (Ref. 14 CFR 21.120).

(Continuation Sheet)

Number: SA12062LA

Effective Date: \_\_\_\_\_

(Continuation Sheet)

## Limitations and Conditions (continued):

The approval of this modification applies to the above noted airplane model series only. A copy of this STC must be included in the permanent records of the modified aircraft.

Instructions for Continued Airworthiness (ICA), Cygnet Aerospace Document No. CA7600-ICA, Revision A, dated June 24, 2025, or later FAA accepted revision must be made available to the operator at the time of installation.

## Certification Basis:

Certification basis is set forth in the Type Certification Data Sheet. See attached FAA Approved Model List (AML).

If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.
